2002 NEBRASKA INDIVIDUAL ESTIMATED INCOME TAX PAYMENT VOUCHERS Form 1040N-ES

You have received the 2002 Nebraska Individual Estimated Income Tax Payment Vouchers because you filed estimated payments during 2001 or because your final payment with your 2000 individual income tax return was large enough to indicate that you should be making estimated tax payments. You must make estimated payments if your Nebraska individual income tax liability is reasonably expected to exceed your Nebraska withholding and other credits by \$300 or more.

INSTRUCTIONS

WHO MUST MAKE ESTIMATED PAYMENTS. A Nebraska Individual Estimated Income Tax Payment Voucher, Form 1040N-ES, must be filed by every resident and nonresident of Nebraska if the individual's Nebraska income tax after allowance of personal exemption credits can reasonably be expected to exceed withholding and other credits by \$300 or more. Other credits include, but are not limited to, credit for income tax paid to another state for residents only, nonhighway use motor vehicle fuels tax credit, credits for the elderly or the disabled for residents and partial-year residents only, Community Development Assistance Act credit, Beginning Farmer credit, the employment and investment credits, Form 829N credit, and credits for child and dependent care expenses for residents and partial-year residents only. You do not have to pay estimated tax if you were a U.S. citizen or resident and you had no tax liability for the full 12-month preceding tax year. If you are an employee with amounts being withheld from your earnings, you may ask your employer to withhold an additional amount for state taxes rather than making these four estimated income tax payments.

WHEN AND WHERE TO FILE. The first payment voucher must be filed on or before April 15, 2002, or such later date as set out below in the instruction labeled "Changes in Estimated Tax." Mail the payment voucher with remittance to the Nebraska Department of Revenue, P.O. Box 98911, Lincoln, Nebraska 68509-8911. Mailing labels are enclosed for your convenience.

PAYMENT OF ESTIMATED TAX. The estimated tax may be paid in full with the first payment voucher or in equal installments on or before April 15, 2002; June 17, 2002; September 16, 2002; and January 15, 2003. Make checks or money orders payable to the Nebraska Department of Revenue. Please type or print your social security number on your check or money order.

FARMERS AND RANCHERS. If at least two-thirds of your gross income for 2001 or 2002 is derived from farming, ranching, or fishing, you may pay all of your estimated tax on or before January 15, 2003. You must then pay the entire amount of the estimated tax. If you file your Nebraska Individual Income Tax Return, Form 1040N, on or before March 3, 2003, and pay the total tax due at that time, you do not need to file an estimated tax payment for 2002.

OVERPAYMENT CREDIT FROM 2001. If you had an overpayment on your 2001 Nebraska Individual Income Tax Return and elected to apply it to your 2002 estimated income tax, the amount of that overpayment may be applied in full or in part to any installment.

JOINT PAYMENTS. A husband and wife may file joint payments of estimated income tax for Nebraska tax purposes. Joint payments may not be filed if they are separated under a decree of either divorce or separate maintenance or if they have different taxable years. If joint payments are filed but a joint return is not filed for the taxable year, the estimated tax for such year may be divided between husband and wife in such manner as they may agree. This agreement should be signed by both taxpayers and a copy attached to each return.

If estimated payments have been made under a spouse's social security number and this spouse dies during the year for which the estimated payments are being made, please indicate "deceased" and give the date of death next to the social security number. Verify that the surviving spouse's name and social security number are correct on Form 1040N-ES and indicate what social security number is to be used in filing a Form 1040N-ES for the next year.

CHANGES IN ESTIMATED TAX. Even though your situation on April 15 is such that you are not required to file payments of estimated tax, your income may change so that you will be required to file esti-

mated tax payments at a later date. In that case, the time for filing is as follows: June 17, if the change occurs after March 31 and before June 1; September 16, if the change occurs after May 31 and before September 1; January 15, 2003, if the change occurs after August 31. The remaining installments can be made as outlined in the line 16 instructions on the estimated income tax worksheet.

You may use the Amended Computation Schedule to calculate your amended estimated tax if you find that your estimated tax is substantially changed. Show the amended estimated tax on line 1 of the next payment voucher filed.

FISCAL YEAR TAXPAYERS. Fiscal year taxpayers must report by the 15th day of the fourth, sixth, and ninth months of the fiscal year and the first month of the following fiscal year.

PENALTY FOR NOT PAYING ENOUGH ESTIMATED INCOME

TAX. A penalty at the statutory rate is imposed for underpayment of estimated tax installments. The penalty is not due if you qualify for any of the exceptions listed on the Individual Underpayment of Estimated Tax, Form 2210N.

Each individual with an underpayment of the estimated tax must file a Form 2210N with their Nebraska Individual Income Tax Return, Form 1040N. The estimated tax has been underpaid if the payments (including withholding) are not equal to at least: 1) 90 percent (66 2/3 percent for farmers, ranchers, and fishermen) of the tax liability for the year after reduction by the credits other than withholding or estimated payments; 2) 100 percent of the tax shown on the return for the full 12-month preceding tax year if federal adjusted gross income was \$150,000 or less; or 3) 112% (the applicable federal percentage) of the preceding year's tax if 2001 adjusted gross income was above \$150,000.

Also, the penalty does not apply if you had no tax liability for the preceding tax year of 12 months, and you were a U.S. citizen or resident during that year.

HOW TO USE THE PAYMENT VOUCHERS:

- Complete the estimated income tax worksheet to compute your 2002 estimated tax. If line 15 is less than \$300, estimated tax payments are not required, but may still be made. If 2002 federal adjusted gross income is expected to be more than \$137,300 (\$68,650 if married filing separate), then complete all worksheets included in this booklet.
- 2. Enter the amount shown on line 15 of the worksheet on line 1 of the payment voucher.
- 3. Enter the amount shown on line 16 of the worksheet on line 2 of the payment voucher.
- 4. Enter on line 3 of the payment voucher the amount of over-payment from 2001 to be credited to the installment.
- Enter on line 4 of the payment voucher the amount of payment (line 2 minus line 3). File the payment voucher only if you are making a payment of estimated tax.
- Attach a check or money order to the payment voucher and mail it by the due date to the Nebraska Department of Revenue, P.O. Box 98911, Lincoln, Nebraska 68509-8911. Make appropriate entries in the Record of Estimated Tax Payments.
- 7. For each later installment, complete lines 2, 3, and 4 of the payment voucher, attach remittance and mail. No installment is required when the amount of unused 2001 overpayment is equal to or greater than the amount of installment due.

2002 Nebraska Personal Exemption CreditUse this table to determine the allowable personal exemption credit for your adjusted gross income category. Find your filing status in the columns, then find the line corresponding to your estimated federal adjusted gross income. Take the amount you find and multiply by the number of federal exemptions you expect in 2002.

Enter the additional tax calculated from the tax rate schedule above on Worksheet C, line 2, above.

SPECIAL INSTRUCTIONS

If your estimated Nebraska taxable income is less than \$46,750, perform the following calculation. Subtract \$137,300 (\$68,650 if married filing separate) from your Federal Adjusted Gross Income, and multiply this difference by 10% (.10). If your line 10 estimated taxable income is less than the 10% difference calculated, enter 6.68% of line 10 income on line 3, Nebraska Estimated Tax Worksheet above; otherwise, complete the additional tax calculation above.
